Rx (R) = Retrograde — the planet appears to move backward from Earth's view, which traditionally intensifies or turns its themes inward. On charts, a small red R after a planet marks it retrograde. Key: L = Lagna, Su = Sun, Mo = Moon, Ma = Mars, Me = Mercury, Ju = Jupiter, Ve = Venus, Sa = Saturn, Ra = Rahu, Ke = Ketu.

Where Saturn Is Now — and What It Means for You

Sunita, Saturn is asking you to build patiently, with faith grounded in practical effort.

Saturn is currently in Pisces, the 9th house from both your Cancer Lagna and Cancer Moon. It entered this sign on 29 March 2025 and moves next to Aries on 3 June 2027. From the Moon, the 9th is classically demanding: progress comes through discipline in beliefs, higher learning, long journeys and guidance from teachers. Saturn is over natal Ketu, aspects your 11th, 3rd and 6th houses, and

has low personal support there, while the 9th house itself is strongly supported in your chart. This makes the period effortful, yet capable of producing lasting wisdom when you remain consistent.

From the Lagna, Saturn presses on your 9th-house matters: principles, mentors, long-range direction and the responsibilities connected with them. Its influence on gains, communication, courage, work routines and service encourages you to replace scattered activity with a carefully chosen path. Because Saturn is classically demanding from the Moon, these results are not effortless; its weak support in Pisces means patience is especially important, even though the house itself provides a strong foundation.

Looking ahead: Saturn enters Aries on 3 June 2027, the 10th house from both Lagna and Moon. It is debilitated there, has low personal support, while the 10th house is strongly supported in your chart. From the Moon this remains classically demanding, so professional responsibility may increase before recognition becomes secure. Saturn will aspect your 12th, 4th and 7th houses, bringing structure to expenditure, home responsibilities and partnership commitments. It returns to Pisces on 20 October 2027, then re-enters Aries on 23 February 2028.

Sade Sati is not active now. The next cycle begins with its rising phase from 31 May 2032 to 13 July 2034.

05

Sade Sati & Dhaiya: Your Status

Present Status

AT A GLANCE

Sade Sati is not active for you now. The next cycle begins on 31 May 2032, so the coming years are best used to strengthen routines, commitments and long-term plans before that period arrives.

Your most recent completed cycle ran from **23 July 2002 to 10 September 2009**. Its rising phase lasted from **23 July 2002 to 26 May 2005**, bringing gradual adjustments in direction and responsibility. The peak phase ran from **26 May 2005 to 16**

July 2007; Saturn's first touch was from **6 September 2004 to 13 January 2005**, followed by the fuller experience. The setting phase continued from **16 July 2007 to 10 September 2009**, supporting consolidation and practical closure.

Next Sade Sati

Your next cycle begins on **31 May 2032**. The rising phase continues until **13 July 2034**, encouraging preparation, simplification and a more deliberate relationship with time. The peak phase runs from **13 July 2034 to 27 August 2036**, focusing attention on emotional maturity and essential priorities. The setting phase follows from **27 August 2036 to 13 July 2039**, helping you stabilise what the cycle has reshaped.

No Saturn dhaiya window falls within the next twelve years. Saturn is currently in Pisces, the 9th house from both your Cancer Lagna and Moon, from **29 March 2025 to 3 June 2027**; this is a demanding period from the Moon, best handled through steady learning, clear principles and patient planning.

WHAT TO DO

Keep commitments realistic, maintain financial and health routines, and make important changes step by step. The next Sade Sati is a period of maturation and restructuring, not a reason for apprehension.

- ♦ **23 February 2028**: Saturn enters Aries, 10th from Lagna and 10th from Moon; SAV grade: strong; natal planets crossed: none; Moon/Sun Antardasha, 10 October 2027–10 April 2028.

- ♦ **8 August 2029:** Saturn enters Taurus, 11th from Lagna and 11th from Moon; SAV grade: strong; crosses natal Sun and Mercury; Mars/Rahu Antardasha, 6 September 2028–24 September 2029.
- ♦ **5 October 2029:** Saturn enters Aries, 10th from Lagna and 10th from Moon; SAV grade: strong; natal planets crossed: none; Mars/Jupiter Antardasha, 24 September 2029–31 August 2030.
- ♦ **17 April 2030:** Saturn enters Taurus, 11th from Lagna and 11th from Moon; SAV grade: strong; crosses natal Sun and Mercury; Mars/Jupiter Antardasha, 24 September 2029–31 August 2030.
- ♦ **31 May 2032:** Saturn enters Gemini, 12th from Lagna and 12th from Moon; SAV grade: weak; crosses natal Jupiter; Mars/Mercury Antardasha, 10 October 2031–6 October 2032.

Aries — 3 June 2027. Saturn brings a demanding professional cycle through your 10th house from both Lagna and Moon, requiring disciplined leadership, clearer accountability and patient career restructuring. Its return to Pisces on 20 October 2027 is a pause within the same extended movement, renewing attention to higher learning, guidance and long-term direction; it returns to Aries on 23 February 2028.

Taurus — 8 August 2029. Saturn enters your 11th house from both Lagna and Moon, where its strong SAV grade makes the period supportive for carefully built gains, mature networks and dependable results. As it returns to Aries on 5 October 2029 and then re-enters Taurus on 17 April 2030, treat progress as a staged process: consolidate ambitions before expanding them.

Gemini — 31 May 2032. Saturn moves into your 12th house from both Lagna and Moon, a demanding phase that favours simplification, planned expenditure, retreat from distractions and serious attention to rest. This begins the rising phase of Sade Sati, running from 31 May 2032 to 13 July 2034, so steady routines and realistic boundaries will be especially valuable.

WHAT TO DO

Build your professional structure before 3 June 2027, protect relationships with purposeful networks during the Taurus phases, and begin simplifying commitments well before 31 May 2032. Saturn rewards consistency more than speed.

Your Natal Saturn: Placement, Nakshatra & Lordship

Natal Saturn in Leo

AT A GLANCE

Your natal Saturn in the 2nd house makes disciplined speech, financial structure and family responsibilities central to your long-term growth. Because Saturn rules your 7th and 8th houses, partnerships, shared resources and major life transitions are handled through patience, accountability and careful planning.

Saturn is placed in Leo in the 2nd house, in Magha nakshatra, pada 1. It is joined by Mars, creating an intense and hardworking expression: you may speak firmly, protect family interests strongly and learn financial wisdom through experience. The 2nd house has weak overall strength, so steady savings, measured speech and dependable routines are especially valuable.

For Cancer Lagna, Saturn rules the 7th and 8th houses. It is therefore a kendra lord as well as a maraka and dusthana lord, carrying responsibility in marriage, agreements, joint finances, inheritance, vulnerability and deep personal change. Its conjunction with the 5th lord Mars forms a Raja yoga, giving constructive results when courage is guided by restraint and long-term purpose.

Saturn's reach and promise

From Leo, natal Saturn aspects the 4th house through its 3rd aspect, the 8th house through its 7th aspect and the 11th house through its 10th aspect. This connects discipline with home and emotional foundations, transformation and shared matters, as well as gains, networks and aspirations. The 4th house is average in strength, while the 11th house is strong, supporting durable gains when effort remains consistent.

Among the planets, Saturn is the least strong by the chart's qualitative strength ranking, so it tends to give its best results gradually rather than instantly. That does not remove its value: Saturn rewards maturity, restraint and work that can withstand pressure. Every Saturn transit carries this natal promise. When Saturn passes over a house it rules, that house's matters become active and call for structure, responsibility and sustained attention.

Your Dasha Meets Saturn's Transit

Moon/Venus: until 10 October 2027

You are running Moon Mahadasha until **10 April 2028** and Moon/Venus Antardasha until **10 October 2027**. The Moon, your Lagna lord, occupies the 1st house, while Venus connects the 1st and 4th/11th-house themes through its placement in the 1st. This period therefore supports personal renewal, comfort, relationships and gains, while Saturn supplies structure and patience.

From **8 October 2026** to **3 June 2027**, Saturn is in Pisces, the 9th house from both Lagna and Moon, with a demanding influence from the Moon. It asks you to make beliefs, learning, long-distance plans and guidance practical. On 31

October 2026, Jupiter enters Leo, the 2nd house from both, then returns to Cancer, the 1st from both, on **25 January 2027**. Rahu enters Capricorn, the 7th from both, on **5 December 2026**. Saturn then enters Aries, the 10th from both, on **3 June 2027**, while Jupiter enters Leo again on **26 June 2027**. Use the Venus promise for constructive alliances, but let Saturn test their durability.

Moon/Sun: 10 October 2027 to 10 April 2028

The Moon/Sun Antardasha begins on **10 October 2027**. The Sun, placed in the 11th house and governing the 2nd, highlights income, networks, family resources and visibility. Saturn's return to Pisces, the 9th from both Lagna and Moon, from **20 October 2027 to 23 February 2028**, followed by Aries, the 10th from both, from **23 February 2028**, makes authority dependent on disciplined preparation. Jupiter enters Virgo, the 3rd from both, on **26 November 2027**, and Leo, the 2nd from both, on **28 February 2028**.

Mars/Mars: from 10 April 2028

Mars Mahadasha and Mars/Mars Antardasha begin on **10 April 2028**. Mars is your yogakaraka, placed in the 2nd house, so initiative can build assets and professional momentum; Saturn in Aries, the 10th from both, requires measured execution. Jupiter enters Virgo, the 3rd from both, on **24 July 2028**, and Mars/Rahu begins on **6 September 2028**. Rahu enters Sagittarius, the 6th from both, on **24 June 2028**, favouring organised effort

and competitive persistence, provided you avoid rushed commitments and keep your financial planning transparent.

Career & Money Under Saturn

Career and income under Saturn

AT A GLANCE

Saturn's move into Aries on 3 June 2027 places sustained attention on your 10th house of profession, making responsibility, visibility and measurable performance central. Because Aries is strong by overall house support, disciplined effort can convert pressure into durable career authority.

Until 3 June 2027, Saturn remains in Pisces, 9th from both your Cancer Lagna and Moon, and aspects your 11th, 3rd and 6th houses. This links professional progress with networks, communication, competition and daily service: build alliances carefully, document your work and win through consistency rather than hurried expansion. The 11th house is strong, supporting gains when your efforts are organised and useful to influential groups.

From 3 June to 20 October 2027, Saturn in Aries, 10th from both Lagna and Moon, aspects your 12th, 4th and 7th houses. Promotion is possible through heavier ownership, though partnerships, workplace balance and expenditure require mature boundaries. Saturn returns to Pisces from 20 October 2027 to 23 February 2028, then re-enters Aries from 23 February 2028, extending the professional focus. Your 10th lord Mars is the yogakaraka and placed in the 2nd house, tying status to practical value, speech and income management. Moon/Venus runs until 10 October 2027; Moon/Sun then supports visibility, while Mars Mahadasha begins on 10 April 2028.

- ♦ **Until 3 June 2027:** strengthen professional networks, reporting systems and marketable communication.
- ♦ **3 June–20 October 2027:** seek a defined leadership mandate, with written authority and measurable targets.

- ♦ **23 February–10 April 2028:** consolidate promotion or launch a higher-responsibility role before Mars Mahadasha begins.

13

Relationships & Family Under Saturn

AT A GLANCE

Saturn's current cycle asks you to build relationships through patience, clear duties and dependable communication. The most sensitive areas are shared family resources, emotional security and the practical work of maintaining a home.

Until **3 June 2027**, Saturn in Pisces moves through your 9th house from both Lagna and Moon, over natal Ketu. Its aspect on your 3rd house encourages careful conversations with relatives, while its aspect on your 6th and 11th houses can make family obligations and shared plans feel weightier. Your 4th house of home also carries Saturn's natal influence, so repairs, elder-care responsibilities or decisions about residence benefit from steady planning rather than avoidance.

From **3 June to 20 October 2027**, Saturn in Aries occupies your 10th house from both reference points and aspects your 4th and 7th houses. This can place work or public responsibilities directly against time needed by a partner and family. A demanding **Kantaka Shani** period is not active in the dates discussed here; the next relevant Saturn-sensitive cycle begins with Sade Sati's rising phase on **31 May 2032**.

From **20 October 2027 to 23 February 2028**, Saturn returns to Pisces, before re-entering Aries from **23 February 2028**. Treat this as one extended review of priorities: first reconsider beliefs and family expectations, then establish workable routines at home and in partnership. The Moon/Venus period continues until **10 October 2027**, supporting affection and reconciliation; Moon/Sun thereafter favours direct, respectful decisions about family leadership and finances.

WHAT TO DO

agree on responsibilities in writing, protect weekly private time with your partner, and discuss money before it becomes emotional. Saturn rewards consistency: modest promises kept regularly will strengthen trust more than dramatic gestures.

14

Health & Daily Routine Under Saturn

AT A GLANCE

Saturn's current passage through Pisces, from October 2026 to 3 June 2027, asks you to protect energy through regularity rather than intensity. Because Pisces is the 9th house from both your Cancer Lagna and Moon, Saturn aspects your 6th house, making disciplined daily care especially valuable.

Your constitution benefits from consistency, hydration, nourishing meals and an orderly sleep schedule. The 1st house is sensitive because your Moon is there in its own sign, while the 1st house has weak overall Ashtakavarga support; emotional overload may therefore show first as reduced vitality or disrupted rest. Keep bedtime and waking time steady, limit late screens, and allow recovery between commitments.

Give particular attention to joints, bones and teeth through preventive care, adequate nutrition and gentle strengthening. Choose walking, yoga, mobility work or measured resistance training over sporadic exertion. Saturn's natal influence on the 8th house makes gradual conditioning preferable to pushing through fatigue. Astrology does not diagnose disease or replace medical care; consult a qualified clinician for persistent or concerning symptoms.

On **3 June 2027**, Saturn enters Aries, the 10th house from both Lagna and Moon, and aspects your 12th, 4th and 7th houses. This can make work demands and rest competing priorities, so protect sleep and schedule pauses before exhaustion ac-

cumulates. Saturn returns to Pisces on **20 October 2027**, then re-enters Aries on **23 February 2028**; treat these shifts as reminders to maintain, not abandon, your routine.

WHAT TO DO

Build a simple weekly rhythm: consistent sleep, daily joint-friendly movement, regular dental and medical check-ups, and one quiet recovery period each day.

15

Your 24-Month Saturn Action Plan

8 October 2026–25 January 2027

Jupiter enters Leo, the 2nd house from both your Lagna and Moon, on 31 October 2026. Rahu enters Capricorn, the 7th house from both, on 5 December 2026, followed by Jupiter returning to Cancer, the 1st house from both, on 25 January 2027. Use this opening phase to organise commitments before relationship and partnership matters require more attention.

- ♦ Build a clear budget, reduce avoidable expenses, and document important financial decisions.
- ♦ Set firm communication boundaries in close partnerships and review shared responsibilities.

25 January–26 June 2027

Jupiter remains in Cancer, the 1st house from both Lagna and Moon, until 26 June 2027. Saturn enters Aries, the 10th house from both, on 3 June 2027, bringing a more visible professional duty cycle, and Jupiter then enters Leo, the 2nd house from both, on 26 June 2027. Prepare for greater accountability by making your work structure reliable before seeking expansion.

- ♦ Create a twelve-month career plan with measurable duties, deadlines, and evidence of results.
- ♦ Protect sleep, nourishment, and personal time while professional expectations increase.

26 June–20 October 2027

Jupiter stays in Leo, the 2nd house from both Lagna and Moon, from 26 June 2027 until 26 November 2027, while the Moon/Sun Antardasha begins on 10 October 2027. Saturn enters Pisces, the 9th house from both, on 20 October 2027; its extended movement includes the Aries phase beginning 3 June 2027, the return to Pisces, and the later return to Aries. Treat this as a consolidation period for finances, authority, learning, and long-range decisions.

- ♦ Strengthen savings and formalise agreements before committing shared resources.
- ♦ Choose one serious course, certification, or advisory relationship and follow it consistently.

20 October 2027–28 February 2028

Saturn remains in Pisces, the 9th house from both, until 23 February 2028, then returns to Aries, the 10th house from both. Jupiter enters Virgo, the 3rd house from both, on 26 November 2027 and returns to Leo, the 2nd house from both, on 28 February 2028. This sequence favours disciplined communication, practical planning, and careful professional repositioning.

- ♦ Keep written records of decisions, applications, contracts, and professional correspondence.
- ♦ Review your public responsibilities and remove tasks that do not support your main objective.

28 February–8 October 2028

Jupiter enters Leo, the 2nd house from both, on 28 February 2028, and Mars Mahadasha with Mars/Mars Antardasha begins on 10 April 2028. Rahu enters Sagittarius, the 6th house from both, on 24 June 2028; Jupiter enters Virgo, the 3rd house from both, on 24 July 2028, and Mars/Rahu Antardasha begins on 6 September 2028. Make the final months of this plan a disciplined launch rather than an impulsive expansion.

- ♦ Use the stronger work focus to establish a repeatable routine for projects, health, and administration.

- ♦ Before 6 September 2028, audit risks, delegated tasks, and financial commitments connected with new initiatives.

16

Saturn Remedies for This Transit

Mantra

Begin on **8 October 2026**, while Saturn is in Pisces in your 9th house from both Lagna and Moon. On Saturdays, recite *Om Sham Shanicharaya Namah* 108 times for the whole Pisces-to-Aries transit span through **8 October 2028**. This supports steadiness around faith, guidance and long-term principles while Saturn remains classically demanding from your Moon.

Charity and Service

- ♦ From **8 October 2026** through **3 June 2027**, offer sesame oil, black sesame, dark clothing or practical food support to elderly, labouring or socially overlooked people each Saturday. Saturn's passage through Pisces in your 9th house makes humble service a useful expression of disciplined values.
- ♦ Continue this practice from **3 June 2027** through **20 October 2027**, when Saturn moves through Aries in your 10th house, placing special emphasis on responsibility, professional conduct and service through your work.

Discipline

- ♦ Start on **8 October 2026** and maintain a weekly written review of commitments, expenses and important promises until **10 April 2028**, the end of Moon Mahadasha. Saturn is joined natally by Mars in your 2nd house, so measured speech and orderly handling of shared responsibilities are especially constructive.
- ♦ From **10 April 2028**, continue the same Saturday routine through **8 October 2028**, as Mars Mahadasha begins and Saturn remains in its extended Aries transit in your 10th house. Prefer fewer commitments completed consistently over many begun impulsively.

Gemstones

Moon, Mars and Jupiter are the only planets for which gemstones may be considered. Because Saturn is the focus of this section, do not choose a Saturn gemstone; consult a qualified astrologer before wearing any gemstone, with suitability assessed for your full chart.

WHAT TO DO

Begin the Saturday mantra, service and written-review routine on **8 October 2026**, and keep it steady across the dated Saturn spans rather than changing practices frequently.

Closing Guidance & Blessing

Sunita, the central message is to meet this period with steadiness, thoughtful planning and faith in gradual progress. Saturn is now in Pisces, the 9th house from both your Lagna and Moon, and its next major move is to Aries, the 10th house, on **3 June 2027**. This shifts emphasis toward responsibility, visibility and disciplined professional action.

You are moving through Moon Mahadasha and Moon/Venus Antardasha until **10 October 2027**, a period that supports care, harmony and constructive relationship-building when approached with maturity. As Saturn enters Aries in June 2027, let consistency guide decisions rather than urgency; preserve your energy, honour commitments and allow results to develop in their proper time. The later return to Pisces on 20 October 2027 favours continued reflection and principled direction alongside your responsibilities.

Sunita, may Saturn grant you patience, discernment and lasting strength; may your efforts bring peace, stability and meaningful fulfilment.
